---

WORK EXPERIENCE

Python Full Stack Developer
 InspireZest Technologies Pvt Ltd | March 2025 – Present

PROJECTS

BranchSalesManagement CRM System

Tech Stack: Python, Django, HTML, Tailwind CSS, SQL - Developed a centralized CRM system to track sales, expenses, purchases, and cash balances across branches. - Implemented secure branch-level login for daily transaction entry. - Built an admin dashboard for real-time monitoring of financial activities across all branches.

Duration: May 2024 – December 2024

E-commerce Websites

Tech Stack: Django + HTML, Django + React - Developed multiple e-commerce platforms using Django with both server-rendered HTML and React- based frontends. - Implemented full product lifecycle including product listing, product detail pages, cart, and wishlist. - Added advanced features such as "Notify Me" alerts, email notifications, and Google OAuth login. - Integrated secure payment gateways including Razorpay and Stripe.

Business Portfolio Websites

Tech Stack: Django, HTML, CSS, JavaScript - Designed and developed dynamic business portfolio websites using Django templates. - Built admin panels to manage services, projects, teams, and contact details. - Implemented galleries, testimonials, blogs, and inquiry/contact forms with email notifications. - Ensured responsive design, SEO-friendly structure, and secure data handling.

Job Portal

Tech Stack: Python, Django, HTML, Tailwind CSS, SQL - Implemented admin-controlled job posting and category management. - Built candidate registration, resume upload, and job application modules. - Enabled admin review, shortlisting, and application management features.

EDUCATION

Bachelor of Computer Applications (BCA)
Bengaluru University | Aug 2020 – Aug 2023
CGPA: 7.53

CERTIFICATION / TRAINING

Python Django Full Stack Development Program
Luminar Technolab
- Trained in Python, Django, HTML, CSS, and Bootstrap. - Developed dynamic web applications using Django MVC architecture and database integration.
